

63rd General Service Conference of Alcoholics Anonymous

Delegate's Conference Report

Roger S. – Panel 62 Area 66 Northwest Texas

The 63rd General Service Conference was held at the Crown Plaza Hotel in New York City, New York on April 21st - April 27th, 2013.

Conference week began with the Saturday night delegates' only meeting on April 20. This is an opportunity for the 2nd year delegates (Panel 62) to offer any experiences that may be beneficial to the first year delegates (Panel 63). The Saturday night meeting had a friendly, welcoming open discussion. The question and answer session was very helpful. This set the tone of respect, appreciation and understanding of the work that was ahead.

Delegates always make up more than two-thirds of the voting members. Delegates represent AA groups in the US and Canada fulfilling the ultimate responsibility for AA's World Services.

Voting members of the Conference - 131
93 Delegates – 71%
25 Trustees, AAWS directors, Grapevine directors – 19%
13 GSO and Grapevine staff – 10%

Every Conference member not only has a vote but a voice; not only a right but a responsibility to express his or her views.

The structure of the General Service Board of Alcoholics Anonymous consists of twenty-one trustee members. Originally, the majority of trustees were nonalcoholic, but now only seven, known as Class A trustees, are nonalcoholic. Class A trustees bring to the Board special expertise in areas such as business, medicine, and law, and may serve up to two consecutive three-year terms.

The fourteen alcoholic (Class B) trustees serve four-year terms. Eight are elected to serve regions of the U.S. and Canada. Two are elected as trustees-at-large, one representing the U.S. and one for Canada. The remaining four general service trustees are selected based on their expertise in areas of finance, publishing, or other fields that would be helpful to the General Service Board and the corporate boards of A.A.W.S. and Grapevine.

Two general service trustees serve on the A.A.W.S. Board, and two serve on the Grapevine Board.

The A.A.W.S. Board oversees the publishing activities of Alcoholics Anonymous (except for Grapevine material) and the General Service Office. This board is composed of nine directors: two regional trustees, two general service trustees, three non-trustee directors, the general manager of G.S.O. and the G.S.O. staff coordinator.

The Grapevine Board oversees the operation of the A.A. Grapevine, and is composed of nine members, including one Class A trustee, two general service trustees, two regional trustees, three non-trustee directors and Grapevine executive editor.

Sunday, April 21 - Registration; opening session; roll call of the delegates; Keynote address by George Martin General Service Trustee; regional lunches; ...presentations; Policy/Admissions and Report & Charter committee meetings; Conference opening banquet and an AA meeting.

If an agenda item was **RECOMMENDED** by the committee to the full Conference it is noted as either **Passed** (2/3 majority), or **Failed**. Committee recommendations automatically become a motion and a 2nd on the conference floor. Recommendations that pass with 2/3 majority are **Conference Advisory Actions** which are acted upon and implemented by the Trustees' committees and the General Service board during the conference year.

If an agenda item received **ADDITIONAL CONSIDERATION** this is listed. These items serve as "strong recommendations" to the corresponding Trustees' committee but do not come forward as items to be voted on by the full conference. Questions are asked about how the decision was made in the Conference committee but no deliberation is allowed on the item itself e.g. it is not debatable. The agenda item in question may need a more thorough review, or need additional input or work by the trustees' committee. It is also possible that the Conference committee could not reach substantial unanimity during their committee meetings and thus did not "recommend". But as a committee it can also use Additional Considerations to send a communication to the trustees.

If an agenda item was not acted upon as either a recommendation or an additional consideration by the committee it is noted as **NO ACTION**. This is not necessarily a negative response to an agenda item – an item may be "no action" if it is deemed unnecessary at the present time, not beneficial to the Fellowship as a whole, or perhaps because the committee itself could not reach substantial unanimity in bringing the item forward.

Floor actions are handled after the completion of all other Conference business on Friday. They can be made at any time during the Conference, in writing, and are disposed of as **VOTE NOT TO CONSIDER, PASSED, or REFER TO COMMITTEE**. The GSC now structures the floor actions in a manner which more closely agrees with our respect of the minority opinion. The presenter is given two minutes when the floor action came up for debate to present his/her motion. After this presentation the chair asked for a motion to decline to consider. If that motion was made and seconded then a vote was taken – if the motion to decline did not receive a 2/3 majority vote then the motion went to the floor for debate.

Passed: Substantial Unanimity

Recommendation: 2.The statement in the section How to Make Referrals to A.A. in the pamphlet “If You Are a Professional...,” which currently reads:

Passed: Unanimous

III. Corrections

Recommendation: 1.

The committee recommended that the revised pamphlet "A Message to Corrections Professionals" be approved.

Passed: Substantial Unanimity

Additional Committee Considerations:

- The committee requested that the trustees' Committee on Corrections continue their thorough review of all Corrections materials.
- The committee discussed how to engage AA members in corrections service and shared about the opportunities to highlight the current available corrections literature through local area and district Web sites.
- In discussing difficulties in engaging AA members in corrections service, the committee recognized that some AA members who have not been incarcerated may feel they have nothing to offer in corrections service. The committee requested the staff secretary work with the Publishing Department and the trustees' Committee on Corrections to incorporate text in the Corrections Workbook section "Ideas to Stimulate Corrections Twelfth Step Work Within AA" to reassure all AA members that they can participate in corrections service by sharing AA's basic message about getting and staying sober.
- The committee discussed available resources in support of local corrections' Twelfth Step work and suggested:
 - o that the committee secretary gather sharing on ways that areas fund AA literature for incarcerated alcoholics for an article in *Box 4-5-9* and other service materials;
 - o that corrections committees be encouraged to use *La Vina* as a valuable resource for Spanish-speaking AA meetings and members inside correctional facilities.
 - The committee reviewed a sample Letter of Introduction to Correctional Facilities, a sample Correctional Facility Fact Sheet, and a sample AA Program Plan for Correctional Facilities, and requested that all three samples-with suggested changes-be added to the Corrections Workbook at the next printing.
- The committee suggested that in cases when the Area Corrections Committee is inactive, communications from the G.S.O. Corrections Assignment requesting prerelease contacts or outside support for correctional facility AA meetings be forwarded to the Delegate.
- The committee reviewed the Corrections Kit and Workbook, and suggested that the service piece "Suggestions for Using the AA Grapevine Magazine (or La Vina) as a Tool in Corrections Service" be updated and considered for inclusion in the Workbook.

IV. Finance

No Recommendations

Committee Considerations:

- The committee reviewed the suggested area contribution for delegate expense for the Conference and felt an increase was not necessary at this time.
- The committee reviewed the Self-Support packet and suggested adding the following words to the packaging sleeve: "Information from Self-Support packet also available on the website aa.org" and "Please Share with Your Group."

- The committee suggested adding the following phrase to the Self-Support Green Card (F-42): "Gratitude expressed through contributions reaches the still-suffering alcoholic."
- The committee thoroughly reviewed the report on self-support from the trustees' Finance Committee and appreciate their efforts and urged that that the work of the Self-Support Subcommittee continue.
- The committee suggested that the appropriate committee reconsider the policy concerning the General Service Conference site selection ("The responsibility for General Service Conference site selection be delegated to General Service Office management, subject to approval of the General Service Board")* and the Conference members consider the spiritual and financial aspects.

* 2008 Policy/Admissions Committee

V. Grapevine

No Recommendations

Committee Considerations

- The committee reviewed the 2013 Grapevine Office Report on Audio Strategy with appreciation and made the following requests:
 - That Grapevine communications regarding the Grapevine Audio Project specify that GV is not recording meeting speakers at AA events.
 - That an updated status and financial report on the project, including practices, financials, metrics and plans for the future, be provided to the 2014 Conference Committee on the Grapevine.
- The committee reviewed the results of the 2012 assessment of La Vina as a bimonthly, perfect bound, black and white, 58-page magazine and concluded: The committee recognized that funding La Vina as a service, through the General Fund, is an issue affecting the overall Fellowship. The committee acknowledged the increase in circulation by 8.5% from January 2011 to December 2012 may be tied to the changes in format and additional content. The committee acknowledged that the 2012 increase in La Vina deficit results in large part from allocation of pension funding expense. The committee expressed concern that funding La Vina through the General Fund of the General Service Board while AA Grapevine Inc. has responsibility for the production of La Vina may suggest an imbalance between responsibility and authority. The committee requested that the GV board submit a proposal to the 2014 Conference Committee on the Grapevine that would significantly reduce the La Vina deficit.
- The committee considered discontinuing the requirement for the current format of the La Vina print magazine (i.e., 68 pages, perfect bound) and took no action. The committee needed more background regarding La Vina's financial history and information regarding what a new format would be.

- The committee agreed to forward to the AA Grapevine Corporate Board the suggestion that Grapevine produce in the year 2014 or later:
Making Amends (working title)
Members share their experience about making Ninth Step amends from stories previously published in Grapevine magazine and/or AAGrapevine.org.
How I Found My Higher Power (working title)
A collection of stories by AA members sharing their experience with their personal journeys with Step Two, previously published in Grapevine magazine and/or AAGrapevine.org.
- The committee reviewed the revised workbook with appreciation and approved the draft copy with the following suggestions:
Expand Appendix V to include all past advisory actions about the Grapevine.
Look into the feasibility of hyperlinks and a live table of contents to facilitate ease of navigation of the electronic workbook.
- The Committee requested a report from the AA. Grapevine Board on the feasibility of producing one book in ASL format.

VI. Literature

Recommendation: 1. The committee recommended that the draft pamphlet: "AA Spiritual--Not Religious" be approved.

Failed: For 69 Against 44

Motion/Second to change the title to: "Spirituality-An Individual Journey"

Failed: For 36 Against 75

Motion/Second to Recommit to Committee

Passed: For 87 Against 36

Recommendation: 2. The committee recommended that the second paragraph on the inside front flap of the dust jacket which currently states:

At the time of the third edition, in March 1976, the worldwide membership of AA was estimated at 1,000,000 or more. Copies of *Alcoholics Anonymous* in circulation exceeded 1,450,000. In 1995, the General Service Conference approved the recommendation: "The first 164 pages of the Big Book, *Alcoholics Anonymous*, the Preface, the Forewords, 'The Doctor's Opinion,' 'Doctor Bob's Nightmare' and the Appendices remain as is."

be replaced with the following language:

At the time of the third edition, in March 1976, the worldwide membership of A.A. was estimated at 1,000,000 or more. Copies of *Alcoholics Anonymous* in circulation exceeded 1,450,000. The basic text (pages 1 through 164) remains largely unchanged. This is the AA message, just as it was introduced in the 1939 edition of *Alcoholics Anonymous*, the book that gave the young fellowship its name.

NOTE: This change will also be made to all formats of the dust jacket of *Alcoholics Anonymous*.

Failed: For 45 Against 75

Recommendation: 3. The committee recommended that "Nonalcoholics may attend open meetings as observers" be added to the open meeting side of the Primary Purpose (Blue) Card (F-17) in all three languages when the inventory of the English version is depleted.

The statement will read as follows:

"THIS IS AN OPEN MEETING
OF ALCOHOLICS ANONYMOUS

This is an open meeting of Alcoholics Anonymous. We are glad you are all here - especially newcomers. In keeping with our singleness of purpose and our Third Tradition which states that 'The only requirement for A.A. membership is a desire to stop drinking,' we ask that all who participate confine their discussion to their problems with alcohol. **Nonalcoholics may attend open meetings as observers.**" (Bold text reflects addition)

Failed: For 61 Against 63

Additional Committee Considerations:

The committee reviewed the draft pamphlet of "Circles of Love and Service" and offered

additional suggestions for the trustees' Literature Committee to consider. The committee

looks forward to reviewing an updated draft pamphlet that includes their considerations at

the 2014 Conference Committee on Literature meeting.

- The committee discussed a suggestion to add an index to the book, *Alcoholics Anonymous* and took **no action** noting that our Big Book is spiritual in nature rather than academic and that an index might discourage a full reading of the material.
- The committee thoroughly discussed a request to add the subtitle 'None Left Behind' to the newly revised "A.A. and the Armed Services" pamphlet and took **no action**. The committee agreed that this request was fully and appropriately addressed by both the Conference Committee on Literature and Conference members at the 62nd General Service Conference.

VIII. Public/Information

Recommendation: 1. The Committee discussed the fellowship sharing on the effectiveness of the language of the Short Form of Tradition Eleven and **Recommended** that the 63rd General Service Conference affirm that Internet, social media and all forms of public communications are implicit in the last phrase of the Tradition, which reads: "...at the level of press radio and films."

Passed: Unanimous

Recommendation: 2. The committee considered a request from AAW.S. for permission to use commissioned online stores to sell and distribute digital AA literature and

recommended that AA World Services be permitted to utilize digital channels and current (commissionable) support and distribution technologies, such as, but not limited to, smart phones, tablets, e-readers, applications and commissioned online stores for the sale and distribution of digital AA literature. The committee requested that the Board ensure that all contracts protect our Traditions, with the option to discontinue any and all contracts at any time. The Committee requested that a status and financial report be submitted to the appropriate 2014 Conference Committee.

Passed: Substantial Unanimity

Additional Committee Considerations:

- The committee reviewed the 2012 Annual Report from the trustees'

Committee on Public Information regarding G.S.O.'s AA Web site and requested that as soon as possible, and independent from the Web site redesign, A.A.W.S. insure that AA videos on AA.org be accessible on as wide a variety of electronic devices as possible.

- The committee reviewed the report from the trustees' Public Information Committee on AA Video Public Service Announcements (P.S.As).
- The committee considered production of one or more video P.S.As to be produced in the calendar year 2013 using the current five "Young People's Videos" and took no action. The committee requested that the trustees' Public Information Committee define more specifically the target audience, the cost, the method of distribution appropriate to the targeted audience, and any format issues, and bring back a report to the 2014 Conference Public Information Committee.
- The committee reviewed all current AA video public service announcements and found them all to be relevant and useful, noting that "Living in Chaos," which the trustees' committee had suggested for retirement, continues to effectively portray the consequences of alcoholic drinking.
- The committee reviewed the interim report on the centralized distribution, tracking and evaluation of "Tengo Esperanza," the video public service announcement for the Spanish-speaking community. The committee noted the strong performance of this P.S.A thus far, and looks forward to receiving the final report next year.
- **The committee reviewed the report from the trustees' Public Information Committee on establishing a Public Information Social Media Page and agrees with the trustees' conclusion that AA World Services, the General Service Office, and the AA Grapevine and La Vina cannot establish a presence on Facebook in a manner which would be consistent with AA Traditions.**
- The committee suggested the General Service Board encourage the trustees' committees to review existing literature that discusses how AA members apply the Eleventh Tradition, e.g., "Questions and Answers on Sponsorship" and "The Twelve Traditions Illustrated," and suggest updates to the literature that reflect current experience with anonymity in a digital age, with an eye towards reaffirming the importance of the Eleventh Tradition to the Fellowship.
- The committee reviewed the contents of the P.I. Kit and Workbook and suggested that: The address of G.S.O.'s AA Web site, www.AA.org, be added to the front of the new P.I. Kit packaging.
The pamphlet "Members of the Clergy Ask About Alcoholics Anonymous" be included in the P.I. Kit.

IX. Report and Charter

Recommendation: 1. A typographical error in the article "Leadership in A.A.: Ever a Vital Need," contained within the essay on Concept IX on page 37, fifth paragraph, third line: "...badly disturbed or **uniformed**..." be corrected to "...badly disturbed or **uninformed**..." in the next printing, noting that this typographical error has existed since the first printing of *Twelve Concepts for World Service*. (Change indicated in bold)

Passed: Unanimous

Recommendation: 2. The following text describing the duties of the chairperson of the General Service Board be added to Chapter Nine in *The A.A. Service Manual* in a location to be determined by the Publishing Department.

“Duties of the A.A. General Service Board Chairperson

“The chairperson of the General Service Board of A.A. presides over the trustees’ meetings, co-chairs the General Service Conference, and functions on behalf of the General Service Board between board meetings. The chairperson appoints members of the trustees’ committees, subject to G.S.B. approval, and is an ex-officio member of all trustees’ committees. In addition to board meetings and the Conference, the chairperson participates in all Regional Forums and may participate in a number of other events.”

Passed: Unanimous

Recommendation: 3. The following text be added to page S23 of *The A.A. Service Manual*, after the section entitled “Stimulating Interest in General Service”:

“The Principle of Rotation

“Traditionally, rotation ensures that service positions, like nearly everything else in A.A., are passed around for all to share. Many positions have alternates who can step into the service positions if needed.

“To step out of an A.A. office we love can be hard. If we have been doing a good job, if we honestly don’t see anyone else around willing, qualified, or with the time to do it, and if our friends agree, it’s especially tough. But it can be a real step forward in growth—a step into the humility that is, for some people, the spiritual essence of anonymity.

“Among other things, anonymity in the Fellowship means that we forgo personal prestige for any A.A. work we do to help alcoholics. And, in the spirit of Tradition Twelve, it ever reminds us ‘to place principles before personalities.’

“Many outgoing service position holders find it rewarding to take time to share their experience with the incoming person. Rotation helps to bring us spiritual rewards far more enduring than any fame. With no A.A. ‘status’ at stake, we needn’t compete for titles or praise—we have complete freedom to serve as we are needed.”

Passed: Substantial Unanimity

Recommendation: 4. The following text be added to Article 4 in the Current Conference Charter, on page S102 at the end of the final paragraph:

“The Conference recognizes the principles contained within the Twelve Concepts, particularly the Right of Participation, and the Rights of Petition and Appeal reflected in Concepts IV and V. In keeping with these principles, the Conference may agree to hear Concept V Appeals brought by members of the Conference structure below the Conference level on the inverted triangle.”

Passed: For 94 against 25

Recommendation: 5. The 2010 Advisory Action regarding Area Highlights be rescinded, so the entire *Final Report* may be professionally edited and published, while still reflecting the full substance of the General Service Conference.

Passed: Substantial Unanimity

Policy & Admissions

The committee recommended that the 66th General Service Conference be held April 17-23, 2016 since these dates do not conflict with any significant holidays or hotel

availability.

Passed: Substantial Unanimity

The committee recommended that the alternate chair of a primary committee be eligible to serve as chair of a secondary committee only if there are no other available candidates.

Failed: For 35 against 84

The committee recommended that the user responsibilities in the "Guidelines for Electronic Device Users at the General Service Conference" which currently reads:

"Users are responsible for insuring adequate battery strength prior to the start of sessions. No technical assistance will be provided by the organizers of the General Service Conference or Conference technical assistants."

be revised to read:

Users are responsible for insuring adequate battery strength prior to the start of sessions. For safety reasons, extension cords will not be permitted between any seating rows or walking areas. Power outlets will be available in designated seating areas during General Sessions. No technical assistance will be provided by the organizers of the General Service Conference or Conference technical assistants.

Passed: Substantial Unanimity

The committee recommended that the deadline for the submission of Conference Agenda Items be changed from January 15th to December 15th beginning in December 2014 for the 65th General Service Conference.

Passed: Substantial Unanimity

The committee recommended that the timetable for the election of the delegate from Area 84, Northeastern Ontario, be revised to allow for two odd and two even panels in that province. The revised timetable for the election of the delegate from Area 84, Northeastern Ontario is to be accomplished by having the Panel 63 delegate elected for a one-year term with the understanding that this delegate would have the opportunity to stand for his/her own two-year term in the following Panel 64 election.

Passed: Substantial Unanimity

Additional Committee Considerations:

- The committee discussed the report of the Trustees' Committee on Conference regarding the role of the Conference Committee on Policy/Admissions in granting international observers admission to the General Service Conference. The committee agreed that no change to the current practice is necessary.
- The committee discussed the concept of combining the Conference Agenda and Conference Policy/Admissions Committees. The sense of the committee was that there was not enough information presented to express a need or benefit to combining the committees. In addition, the amount of time currently allotted for each committee's deliberation seems appropriate, and combining

the committees might result in too heavy a workload for the combined committee. The committee was also dissuaded by the complications involved in merging the committees (revising the Composition, Scope and Procedures of committees; updating the AA Service Manual and other literature; additional responsibilities for staff, etc.).

- The committee noted a discrepancy between the description of the Conference Agenda Committee in the AA Service Manual and in the Conference Agenda Committee's Composition, Scope and Procedure, and suggested that the 2014 Conference Agenda Committee review the description in the AA Service Manual for consistency.

X. Treatment Facilities/Special Needs/Accessibilities

No Recommendations

Additional Considerations

- The committee reviewed the report on Spanish and French translations of the video *Hope: Alcoholics Anonymous* and expressed the need for translated versions of audio visual materials to have improved sound production in the future.
- The committee reviewed the report on the DVD version of the pamphlet "A.A. For the Alcoholic with Special Needs" formatted for alcoholics who are blind, deaf or learning challenged and availability of the item. There was a concern expressed whether a DVD in American Sign Language (ASL) and with subtitles in English serves the needs of French and Spanish language-based members.
- The committee reviewed the Treatment Committee Kit and Workbook contents and its current content.
- The committee reviewed the contents of Special Needs-Accessibilities Workbook and Kit and requested the following:
That the staff secretary produce a memo with the following wording suggested by the 2012 Conference Committee on Treatment/Special Needs-Accessibilities: "Committees gather local information and identify outside local resources regarding accessibility requirements and options." This memo is to be a temporary insert in the section, "Activities Suggested for Special Needs-Accessibilities Committees," of the current Special Needs-Accessibilities Workbook until the next printing of the workbook. The memo will be sent to area, district, and intergroup/central office Treatment/Special Needs-Accessibilities chairs.
Add the service piece, "Online Meetings/Reunions a L'Internet/Reunions del Internet" (SM F-124), to the Special Needs-Accessibilities Kit.
- The committee had a wide-ranging discussion on how Special Needs-Accessibilities committees can communicate the various ways to make meeting places accessible to *all* alcoholics. Topics included:
Start Special Needs-Accessibilities committees and hold workshops on various topics to inform members about this service area.
Communicate in web-based and print meeting directories which meetings are handicapped equipped, wheelchair accessible, and ASL interpreted.
Consider ensuring that the entire meeting experience for those with special needs is accessible-friendly, e.g. assuring that the height of literature displays or coffee dispensers are accessible to those in wheelchairs.
Prepare meeting greeters to identify attendees with special needs and to help provide accommodation as best as possible.

- Provide local special needs contact information in meeting formats and event flyers.
- The committee also discussed ways that Special Needs-Accessibilities committees might help groups prepare in advance for the arrival of deaf/hard of hearing alcoholics. Topics included:
 - Provide optimal seating arrangements.
 - Use a microphone, discourage cross-talk, and ask those speaking to stand and avoid covering their faces with hand gestures.
 - When economically possible, provide ASL interpreters or seek out capable A.A. members who can sign; some areas fund ASL interpreters.
 - Communicate with the hard of hearing in attendance that seating and other accommodations can be made.
 - Encourage cooperation with local professionals serving the deaf/hard of hearing community.

Additional Considerations

- The committee reviewed their Composition, Scope and Procedure and updated the references to the trustees' committees on "Cooperation With the Professional Community/Treatment Facilities/Special Needs-Accessibilities" and "Correctional Facilities" found in their Scope to trustees' committees on "Cooperation With the Professional Community/Treatment/Special Needs-Accessibilities" and "Corrections."
- The committee reviewed the resumes and approved, as eligible for election, all Class B trustee candidates for the East Central and Southeast regional trustees and trustee-at-large/U.S.
- The committee reviewed the General Service Board's proposed plan regarding the slate of directors for the A.A.W.S. Board and the A.A. Grapevine Board and took **no action**. The committee **did not support** the proposed interlocking directorate.
 - The committee noted that the General Service Board has sufficient authority to implement changes in Practices as outlined in the initiatives in the sections under the heading "Communications and Unity" and "Efficient Operations and Financial Stability" and expressed their support for those ongoing changes. It was the sense of the committee that the changes in Practices could address the concerns of the General Service Board.
 - The committee requested that, before implementation, any changes proposed in the section "Governance," regarding "Non-trustee Director Service," "Eligibility of General Service Trustees" and "Eligibility of Appointed Committee Members" be brought to the Conference Committee on Trustees for review.

XII. Archives

Recommendation 1. The Archives video *Markings on the Journey* be revised and updated with the proposed changes (estimated cost \$5,000) and brought back to the 2014 Conference Archives Committee.

Passed: Substantial Unanimity

Recommendation 2. A commemorative 75th Anniversary Edition of the first edition, first printing of *Alcoholics Anonymous* be published in April 2014. (English)

Passed: For 96 Against 28

Recommendation 3.The posting of freely accessible, anonymity-protected archival audio clips on G.S.O.'s A.A. Web site be done at the discretion of the trustees' Committee on Archives and G.S.O.'s Archivist.

Passed: Substantial Unanimity

Additional Considerations

The committee reviewed the Archives Workbook and expressed satisfaction with the content

XIII. International Conventions/Regional Forums

Recommendation 1.The undernoted three cities, expressed here in alphabetical order, be considered as possible sites for the International Convention in 2025:

Montreal, Quebec

St. Louis, Missouri

Vancouver, British Columbia

Passed: Substantial

Recommendation 2.Up to 21 non-A.A. speakers be invited to attend the 2015 International Convention at A.A.'s expense.

Passed: Substantial Unanimity

Conference business closed at Friday April 26, 2012 10:00 pm with delegate farewells. In closing I would like to thank everyone for providing me the opportunity to serve at the 63rd General Service Conference. I also want to recognize with appreciation everyone who is doing anything in Area 66. What we do each and every month by taking actions and reporting to those we serve is the heart beat of much needed AA service.
